## **CONDUCT**

I recognize that due to the unique nature of the duties and responsibilities of a Student Ambassador, my conduct must be above reproach and in accordance with the mission of Life University and the Office of the President.

Student Ambassadors have a responsibility to behave in ways that will not have a detrimental effect upon the University or any members of the University community. Furthermore, I recognize that my conduct should reflect the consciousness of my position as a positive role model for all the students.

Finally, I recognize that because I am a member of a community, I will hold my fellow Student Ambassadors to the same standards as any other student.

I further agree that my appointment to the position of Student Ambassador is dependent on my being in good conduct-standing with Life University at the time of my selection, and may be terminated if I fail to abide by the above-mentioned conditions or if I violate University or Student Ambassador policies as determined by the professional staff or outlined in the Student Ambassador Handbook.

I agree to the aforementioned conduct statement and if selected to be a Student Ambassador, I will abide by the above Conduct requirements.
